

FAMILY COOKOUT

GROCERY MENU Week beginning 3/30

During these wild and crazy times we have all been given the blessing of spending more time at home with our families close by. And, with spring finally here, there is no better family activity than the family barbecue. With this in mind, we have created the "Family cookout grocery menu". You call us, we will carve your steaks, chops, salmon, chicken etc. and you take care of the cooking! We'll bring you all the great products we use in the restaurant straight to your car! We'll even throw in some of our signature steak seasoning too!

With gratitude, *Bryce Kuhn*
